Here you can search for library books in the catalogue; reserve books; see what books you have borrowed and make renewals.

The Library has books for children and adults in different languages, newspapers, magazines, language courses, public service announcements, movies, computers, etc.

It costs nothing to borrow books from the library.

To borrow books you need a library card.
The library card is free.

The loan period is usually 4 weeks, but may be shorter, check your receipt or ask at the reception.

You are responsible for the books you borrow.
If you lose your books; if they are damaged or if you return them late; you may have to pay compensation to the library.

If you cannot find what you are looking for at the library, for example books in your language - the staff will happily help you.

In many cases, the library can get what you want by purchasing or borrowing from other libraries.

Please ask the staff if you need help or have questions about anything!
